Preferred Choice Fencing Company

Vancouver Islands' Preferred Choice for Low Maintenance Fencing

POST MOUNT (PM) INSTALLATION SYSTEM

Fast and Easy Installation

Easy to repair and adjust fence

Procedure:

1. Insert Galvanized pipe 2.5' - 3' into the ground and concrete.
2. Screw Post Sockets to top and bottom on length of pipe above ground.
3. Slide Vinyl Post over sockets
4. Assemble fence sections between posts

Alternately, Vinyl Posts can be set directly into conventional "dug & poured" concrete piles (STD)
